Cooling capacity of air handler evaporator coil (Btu/h)

Suction line temperature (F)

Does air handler include hot gas reheat coil?

What type of controls are provided on air handler?

Prices are FOB Weather-Rite LLC's facility. All sales are subject to Weather-Rite LLC Terms and Conditions of Sale and Weather-Rite LLC's current pricing terms. Copies of these documents are available upon request.

Weather-Rite LLC reserves the right to vary equipment specifications and change prices without notice. Except to the extent Weather-Rite LLC provides a signed quotation that states it is a firm quote for a fixed period of time, all prices provided by Weather-Rite LLC, whether in its catalog, pricing software or otherwise, are subject to change and revision by Weather-Rite LLC at any time. All orders are deemed made at the WEATHER-RITE™ prices current at the time of order acceptance and may be accepted by Weather-Rite LLC on those terms. No order is binding until accepted by Weather-Rite LLC in writing.

All installation and service of WEATHER-RITE™ equipment must be performed by a contractor qualified in the installation and service of equipment sold and supplied by Weather-Rite LLC and conform to all requirements set forth in the WEATHER-RITE™ manuals and all applicable governmental authorities pertaining to the installation, service, operation and labelling of the equipment. To help facilitate optimum performance and safety, Weather-Rite LLC recommends that a qualified contractor conduct, at a minimum annual inspection of your WEATHER-RITE™ equipment and perform service where necessary, using only replacement parts sold and supplied by Weather-Rite LLC.
